PROFESSIONAL SUMMARY

Results-oriented CS graduate (Haramaya University) with hands-on experience in QA/testing, React.js/Next.js frontend development, and full-stack web applications. Skilled in manual & API testing, UAT, and agile collaboration. Passionate about clean code and high-quality software.

EXPERIENCE

Junior QA Test Engineer

Safaricom Ethiopia | Addis Ababa, Ethiopia | May 2025 – Present

- Executed manual test cases for a telecoms billing system, identifying functional & performance defects.
- Developed test plans and test data for UAT; conducted API testing with Postman in regression cycles.
- Communicated progress, blockers, and risks daily in stand-ups; collaborated with devs and analysts.

Frontend Developer | Web Developer

Self-Taught Freelancer | Addis Ababa, Ethiopia | 2024 – Present

- Built responsive web apps with React.js and Next.js using modern JavaScript (ES6+) and REST APIs.
- Developed full-stack apps (HTML/CSS/JS + Flask + MySQL); delivered freelance projects for clients.
- Optimized performance via SSR/SSG and code splitting; created portfolio and production-grade projects.

PROJECTS

Todo App — github.com/ifaBogg/todo-app

- React-based task management app with add, complete, and delete functionality.

Portfolio / Resume — ifaogg.github.io/my-resume

- Personal portfolio site showcasing projects, skills, and professional experience.

Frontend Learning — ifaogg.github.io/frontend-learning

- Collection of frontend projects built while mastering React, Next.js, and modern CSS.

Hawasuma — hawasummaa.vercel.app

- Next.js production app deployed on Vercel; full responsive UI with optimized performance.
