### SW Testing / QA

LinkedIn · Dec 2025

### Programming Fundamentals

Udacity · Sep 2024

## PROFESSIONAL SUMMARY

Results-oriented CS graduate (Haramaya University) with hands-on QA experience at Safaricom Ethiopia and self-taught frontend/web development skills since 2024. Skilled in manual & API testing, UAT, React.js, Next.js, and agile collaboration. Passionate about clean code and quality software.

## EXPERIENCE

### Junior QA Test Engineer

Safaricom Ethiopia | Addis Ababa, Ethiopia | May 2025 – Present

- Executing manual test cases for a telecoms billing system, identifying functional & performance defects.
- Developing test plans and test data for UAT; conducting API testing with Postman in regression cycles.
- Communicating progress, blockers, and risks daily in stand-ups; collaborating with devs and analysts.

### Frontend Developer & Web Developer (Freelance / Self-Taught)

Remote | 2024 – Present

- Building responsive web apps with React.js and Next.js using modern JavaScript (ES6+) and REST APIs.
- Delivering projects end-to-end: requirement gathering, development, testing, and deployment on Vercel/GitHub Pages.

## PROJECTS

### Todo App [github.com/ifaBogg/todo-app](#)

- React-based task management app with add, complete, and delete functionality; clean and responsive UI.

### My Portfolio [ifabogg.github.io/my-portfolio1.com](#)

- Personal portfolio showcasing bio, skills, and projects — built and deployed via GitHub Pages.

### Portfolio / Resume [ifabogg.github.io/my-resume](#)

- Interactive resume site highlighting experience, education, and technical skills — deployed via GitHub Pages.

### Frontend Learning [ifabogg.github.io/frontend-learning](#)

- Collection of frontend projects and exercises built while mastering React.js, Next.js, and modern CSS.

### Hawasuma [hawasummaa.vercel.app](#)

- Next.js web app deployed on Vercel; demonstrates full project structure, SSR, and responsive UI design.
